#4 MONTHLY RESIDUAL INCOME - 67% PAYOUT

Our "Earn on Everyone Below You" 2 X 15 Levels to Infinity with "Full Dynamic Compression" custom plan is NOT a Binary, NOT a Uni-level, NOT a Straight Line. There is "no balancing" act required, you can earn on EVERYONE below you in all 15 levels by sponsoring as few as two personally sponsored members. Not like the common Binary plans where you typically only earn money on your weak legs...

American Dreams "Earn On Everyone" forced 2 X 15 levels promotes team work and has the ability to create massive growth and income faster than any network marketing business model available today.

As people join, your Matrix fills up below you from left to right filling in the next available position. Unlike a Binary, where you earn on a weaker leg, with our plan you could earn on "Tens of Thousands" of people within your organization, not just from a smaller leg.

Everyone can only have 2 people on their first level so the Matrix fills below allowing 2 people on your first level, 4 on your second level, 8 on your third level and so on down through the levels as displayed below.

In the diagram below you can see the percentages of commissions each level earns, Silver, Gold and Platinum, and the potential number of people you can have on each level in the Matrix.

DEFINITIONS

***PGV - Personal Group Volume:** Your “personal group” volume is the volume which is accumulated by all of the people that you personally sponsor and all of the people that your personals sponsor and all of the people they sponsor and so on down through your levels to infinity. Volume that is not considered “PGV” is from spillover from the upline or people coming into your downline that were not sponsored by you. Example: If you sponsor Bob and Bob sponsors 5 people and the 5 that Bob sponsored brought in 5 each, Bob and everyone he sponsors and everyone his people sponsor are considered your personal group.

****Quarterly Corporate Bonus Pools:** All Diamond, Double Diamond, Triple Diamond and Presidential Diamond Members can qualify for shares in this exciting company-wide bonus pool. 2% of the entire company’s monthly C.V. (Commissionable Volume) will be shared among Diamond and above members.

****Infinity Dynamic Compression Bonuses:** When the company runs the monthly commission run for the previous month’s activities, the software will check all available commissions from the bottom of your matrix up starting on the lowest level you have members. (If you have people 100 levels or deeper that’s where the compression starts. Any unpaid available commissions below the 15th level will roll up and compress up past any empty positions and position help by non qualified members in order to maximize the payout for all members. There is no breakage, the commissions are all paid out.

****Coded Bonuses Qualifications:** To increase your Coded Bonuses from Silver to Gold to Platinum you must simultaneous increase your monthly autoship order level from Silver (\$25 C/V) or more, up to a Gold order (\$50 C/V) or more, up to Platinum (\$100 C/V) or more. This maximizes your coded bonus legs at the same time helps maximize your compensation with the other streams of income offered in American Dream’s compensation plan.

****Please Note:** Never promise anyone they will make money by simply enrolling into your Matrix Organization. To our knowledge there is not now nor has there ever been a simpler, more profitable way to get into a home-based business of your own that offers everyone an opportunity to earn a great income without all the hoops and hassles generally associated with this industry, however, American Dream Nutrition will not tolerate deceptive or untruthful practices of any kind from its members. Please read the policies and procedures for further details regarding advertising and marketing practices.
